DSCC-VQ (VQE-09-016866/Mr. Karadsheh/614-692-0611/zk)

3 November 2008

SUBJECT: Manufacturer's Certification, MIL-PRF-19500N, FSC 5961

Mr. Mark McNulla  
Hi-Rel Components Inc.  
9 Hampshire St.  
Lawrence, MA 01840

Dear Mr. McNulla:

Your facilities at 9 Hampshire St, Lawrence, MA, were audited by Mr. Zade Karadsheh and Mr. Brad Deslich of this Center on October 23, 2008 for compliance with the Manufacturer's Certification requirements of MIL-PRF-19500N.

Compliance with these requirements has been successfully demonstrated; therefore, Hi-Rel Components is considered a certified manufacturer eligible to qualify and supply JAN, JANTX, and JANTXV Rectifiers, Switching Diodes, Zener Diodes, Temperature Compensated Zeners, Current Regulators, Transient Voltage Suppressors and Schottky Diodes in accordance with the requirements of MIL-PRF-19500N. Certified assembly packages are: DO-7, DO-35, DO-41, DO-213AA, DO-213AB, A-body, B-body, C-body, and D-body packages.

Wafer fabrication is to be performed at your contracted facilities as authorized by DSCC-VQE. Device assembly is performed at your Lawrence, MA facilities. All qualification tests, conformance inspections, and screening must be performed at your facilities or facilities that have DSCC-VQE Laboratory Suitability Status for each of the applicable test methods.

This certification will normally be valid for two years from the date of this letter and can only be terminated by written notification from this Center. For the duration of the certification, the manufacturer is subject to periodic reviews by the qualifying activity or its representatives. Certification will not normally be extended beyond the two-year period without a reaudit.

Note: The results of the DSCC audit held on October 23, 2008 were found by examining a sampling of the manufacturer's normal manufacturing, testing, and processing procedures. The acceptance of the corrective actions from the above referenced audit does not relieve the manufacturer of its contractual obligation to deliver product that complies with all specification requirements.

Sincerely,

JOSEPH GEMPERTINE  
Chief  
Sourcing and Qualifications Division
